

## AquaWave® 3 Station Lavatory System for Deck Mounted Faucets

(Shown with optional faucets)

✓	MODEL NUMBER	NUMBER OF STATIONS	PEDESTAL TYPE
	WAW-2333-DMF	3	WALL

### Recommended Specifications

Solid surface washfountain shall be Willoughby AquaWave® Model No. **WAW-2333-DMF**.

AquaWave® Lavatory System shall accommodate from 1 to 3 users simultaneously. The lavatory system bowl and pedestal panels shall be constructed of Aquasurf® molded cast polymer densified solid surface material composed of polyester/acrylic resin, UV stabilizer, aluminum trihydrate and mineral fillers. Exposed stainless steel surfaces shall be polished to a satin finish. The drain shall be constructed of heavy gauge stainless steel.

#### Vandal Resistance:

Valves (by others), water supplies, and waste connections are concealed within the pedestal. The pedestal panels are removable and secured with vandal resistant security screws. The Aquasurf® solid surface material is resistant to stains, impact, and burns. Surface damage can be easily repaired with everyday cleansers and/or fine grit abrasives.

#### ADA, UFAS, TAS, and ANSI Compliant:

When the lavatory system is mounted at the standard 34" rim height it is designed to comply with all applicable ADA, UFAS, TAS, and ANSI Z124.3 and Z124.6 accessibility guidelines.

#### Optional Features:

AquaWave® Lavatory Systems also offer liquid soap dispensers as optional accessories. AquaWave® Lavatory Systems can also be mounted at juvenile rim height (Low Profile Pedestal kit required to meet accessibility guidelines). A floor kit is available for an installation that requires an on-floor pedestal. Sloan Optima® faucets are available as options (supplied uninstalled).\*

*\*Note: Plug-in transformer must be used with a ground fault interrupter (GFCI) receptacle to help prevent possible electrical shock.*
