Willoughby Industries - Commercial Ware

CWSMSH Series Hinged Surface Mounted Wall Shower

Recommended Specifications

Hinged Surface Mounted Wall Shower shall be: Willoughby Model No. CWSMSH (Select from model number and options list on next page)

Hinged shower panel shall be fabricated from 18 gauge, Type 304 stainless steel with exposed stainless surfaces polished to a #4 satin finish. Top and bottom panels are riveted on to shower panel.

Standard equipment shall include:

- Shower valves (from Valve Selection options list)
- Shower head (from Shower Head Selection options list)

Anchoring shall be by (2) 1" opening hinges with Ø5/16" mounting holes and (2) Ø5/16" mounting tabs (anchoring hardware by others). Shower unit shall be factory assembled, tested for proper operation, and ready for installation by a contractor. Unit requires no chase area for installation and maintenance.

To specify fixture and accessories, use the Model Number and Options page.

Example: To specify a Hinged Surface Mounted Wall Shower with temp./pressure-balancing mixing valve, standard 2.5 GPM flow rate, and standard UBJ universal ball joint shower head

Use the following Willoughby Model Number: CWSMSH-TPV-2.5-UBJ
