

BUILT TO LAST, IN AMERICA

Stainless Steel Cabinet Showers

Willoughby's cabinet showers are easy to keep clean, easy to install, and built to last. Fabricated from heavy-duty stainless steel with a variety of showerhead, valve, and size options, our cabinet showers are perfect for new installations or retrofits.

Stainless Steel Showerhead

The shower features the industry's only vandal-resistant stainless steel shower head as standard equipment.

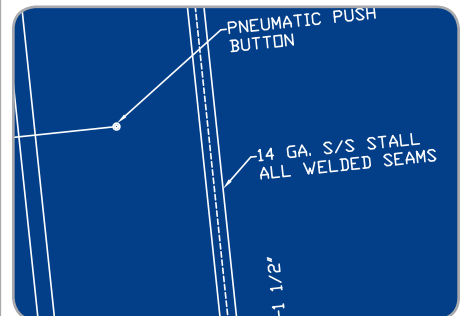

Valve choices

Choose single temperature, dual temperature, pneumatic, electronic or pushbutton metering valves.

Stainless steel strength

For durability in the harshest of conditions, our shower cabinet walls are fabricated from 14 gauge type 304 stainless steel.
